RE: E. 1<sup>ST</sup> STREET INTERCHANGE RECONSTRUCTION PROJECT  
PROGRESS REPORT NO. 17  
S&A PROJECT NO. 109.0051.01-17

Dear Mr. Moritz:

This is the seventeenth progress report for the above referenced project and covers work through May 20, 2010. Work through this period includes modifying the alignments, profiles, and addressing Iowa DOT comments received on the Methods Plans for the interchange ramps, I-35, and East First Street; preparing cross sections, signing design, drainage calculations, culvert and storm sewer design, construction staging design, preparing the bridge TS&L plans, and continuing the environmental documentation process. We are currently in the process of preparing the Field Exam plan set. We anticipate scheduling the Field Exam for these projects for a mid to late July 2010 date.

We look forward to continuing working for the city and with you on this important project. Should you have any questions on this update, please feel free to contact me. We will be in attendance at the June 7, 2010, council meeting to answer any questions regarding this invoice.

Sincerely,

SNYDER & ASSOCIATES, INC.

Mark A. Land, P.E.  
Project Director
